

11th

Scientific Congress 2011

European Association
of Clinical Anatomy

held jointly with

Summer Scientific Meeting 2011

British Association
of Clinical Anatomists

Padova

from 29th June to 1st July 2011

Main Room "Galileo Galilei", Bo Palace
University of Padova

Faloppio Room and Cagnello Room, Anatomical Institutes
University of Padova

Charimen: *B. Grignon, J. Skidmore, G. Anastasi*

11.20 - 13.00 PLATFORM PRESENTATIONS

- 1 *W. Pawlina. Minnesota, USA*
Anatomical science education
- 2 *V. Baca, D. Kachlik, T. Bacova, R. Grill, V. Dzupa. Czech Republic*
Distant educational component "Traumatology of Human Skeleton" as a part of functional approach to Clinical Anatomy Teaching
- 3 *A.P. Aguas. Portugal*
Dynamic usage of the image in teaching of Clinical Anatomy: report of a personal experience
- 4 *J. Gnananandan, A. Raymond, H.J. Nagar, A. Hunter, G. Griel. United Kingdom.*
A novel teaching method to teach cardiac anatomy to undergraduate students
- 5 *S. Kotzé, C. Mole, L. Greyling, M. Hanekom. South Africa*
Preliminary outcomes of incorporating full body digital X-ray images (Lodox® Statscan®) of cadavers to the dissection program at the Faculty of Health Sciences, Stellenbosch University, South Africa
- 6 *P.H. Abrahams. United Kingdom*
"Anatomy on the move" Apps and iPads with 3D technology bring clinical anatomy to the cutting edge
- 7 *S.A. Mirjalili, S.J.M. Hale, S.L. McFadden, T.M. Buckenham, M.D. Stringer. New Zealand*
Clinically relevant surface anatomy – is it accurate?
- 8 *S. Grubherr, P. Mangin, B. Steger, F. Doenz, V. Djonov. Switzerland*
The role of postmortem angiography in the forensic investigation medical education and clinical anatomy
- 9 *T. Turmezei, M. Tam. United Kingdom*
The future of virtual 3D imaging in anatomy education - a viewpoint.

Charimen: *J.M. Prades, H. Whittet, M. Rende*

11.20 - 13.00 PLATFORM PRESENTATIONS

- 1 *A. Samu, K. Saw, H. Whittet. United Kingdom*
Lingual tonsillectomy
- 2 *A. Alamri, M. Albayati, V. Apok. United Kingdom*
The changing face of "Moyamoya" – does a Western phenotype exist?
- 3 *R. Alcock, H. Whittet. United Kingdom*
Anatomical vibration site localisation in snorers using frequency analysis of sound from simulated snoring.
- 4 *C.D. Florea, A. Robertson. United Kingdom*
Facial nerve-the shrinking nerve
- 5 *C. Sforza, A. Mapelli, F.V. Sidequersky, V.F. Ferrario. Italy*
Clinical assessment of facial muscles via motion analysis
- 6 *U. El-Khani, S. Greenwald. United Kingdom*
A novel arterial structure - the 2-layer Tunica Media
- 7 *I. Álvares Furtado, C. Franco Caldas, F. Lança, F. Salvado e Silva. Portugal*
Anatomic factors related to bisphosphonate osteonecrosis a retrospective bronj Study at the University Department of Stomatology of Santa Maria Hospital - Lisbona
- 8 *J. Kunicki, W. Bonicki. Poland*
Tuberculum sellae "inside out" - microsurgical and endoscopic transsphenoidal anatomy
- 9 *J.S. Park, M.S. Chung. Republic of Korea*
Segmentation and surface reconstruction of the detailed ear structures in sectioned images
- 10 *L. Guarda-Nardini, D. Manfredini, S. Masiero, A. Stecco. Italy*
Myofascial pain of jaw muscles. comparison of short-term effectiveness of Botulinum toxin injections and fascial manipulation® technique

12.00 - 13.00 SRA EDITORIAL MEETING

Lunch

SESSION 4
Head

Cagnetto Room

Library
